12. Can we rely on Cryptocurrencies like Bitcoin?
13. Deepfake Technology
14. Is Technology rising Unemployment rates?
15. Should women be encouraged to work in night shifts?
16. Pink Vs Blue
17. Colours of Rainbow / 7 Colours of the Rainbow – VIBGYOR
18. Black
19. Door

20. Case Based Group Discussion:

You and your companions have just survived the crash of a small plane. Both the pilot and co-pilot were killed in the crash. It is mid-January, and you are in Northern Canada. The daily temperature is 25 below zero, and the night time temperature is 40 below zero. There is snow on the ground, and the countryside is wooded with several creeks criss-crossing the area. The nearest town is 20 miles away. You are all dressed in city clothes appropriate for a business meeting. Your group of survivors managed to salvage the following items:

- (a) A ball of steel wool
- (b) A small axe
- (c) A loaded .45-caliber pistol
- (d) Can of Crisco shortening
- (e) Newspapers (one per person)
- (f) Cigarette lighter (without fluid)
- (g) Extra shirt and pants for each survivor
- (h) 20 x 20 ft. piece of heavy-duty canvas
- (i) A sectional air map made of plastic
- (j) One quart of 100-proof whiskey
- (k) A compass
- (l) Family-size chocolate bars (one per person)

Your task as a group is to list the above 12 items in order of importance for your survival. List the uses for each. You **MUST** come to agreement as a group.

Important Group Discussion Topics (Set -2)

1. Can Artificial intelligence replace Human intelligence?
2. Can robots replace humans?
3. Future of Internet
4. Remote Work
5. Hybrid Work
6. Technology Addiction
7. Is Technology making us less human?
8. The importance of netiquette in the digital age
9. Social Media is killing creativity
10. Online Gaming: Advantages & Disadvantages
11. Deep tech start-ups
12. Cybercrime and Cybersecurity
13. Do deadlines negatively impact creativity?
14. Lack of Work and Life Balance in the Present Times
15. Global Warming – Causes, Effects and Solutions

Important Group Discussion Topics (Set -3) – Immersion 2026

1. Artificial Intelligence & Technology

- Is AI replacing software engineers or making them more productive?
- Generative AI: Opportunity or threat?
- AI in education: Should students use AI tools for assignments?
- Will coding still be an essential skill in the AI era?
- The future of AI agents in software development.
- Quantum computing: Hype or reality?
- Edge computing vs. cloud computing.
- Is cybersecurity becoming more important than software development?

2. IT Industry & Placements

- Will remote work remain the future of IT?
- Should freshers focus on startups or MNCs?
- The impact of automation on entry-level jobs.
- Upskilling every year: Necessity or pressure?

3. Current Affairs & Economy

- India's role in the global AI race.
- Can India become the world's semiconductor hub?
- Digital India: Achievements and challenges.
- Startup ecosystem in India.
- Is India ready for Industry 5.0?
- Brain drain vs. brain gain.
- The future of electric vehicles in India.
- Digital payments: Benefits and security concerns.

4. Social Issues

- Social media: Learning platform or distraction?
- Mental health among college students.
- Work-life balance for IT professionals.
- Privacy vs. national security.
- Women in STEM: Progress and challenges.
- Online education vs. classroom learning.
- Should smartphones be allowed in classrooms?
- Is influencer culture affecting career choices?

5. Abstract GD Topics

- "Blue Ocean"
- "The Butterfly Effect"
- "The Last Bench"
- "Time is Money"
- "A Coin Has Two Sides"
- "Mirror Never Lies"
- "Success Without Failure"
- "The Road Less Travelled"

6. Ethical & Decision-Based Topics

- Should AI-generated content be regulated?
- Should companies monitor employee activity?
- Can technology solve climate change?
- Should social media platforms be held responsible for misinformation?

7. Engineering-Specific Topics

- Open-source software vs. proprietary software.
- Cloud computing vs. on-premises infrastructure.
- Blockchain beyond cryptocurrency.
- Internet of Things (IoT): Opportunities and risks.
- 5G and its impact on industry.
- Green computing.
- Sustainable technology.

8. HR & Opinion-Based Topics

- Is failure the best teacher?
- Money or job satisfaction?
- How does attitude influence career growth?
- Is multitasking a myth?
- Can machines replace human creativity?
- Are online certifications worth it?
- Should employees return to offices full-time?
